**RESPONSE AND AMENDMENT UNDER 37 C.F.R. §1.111**

Sir:

This is in response to the Notice Requiring a Statement under 42 USC §2182 dated May 11, 2004, the period for response to which is to expire on June 24, 2004. Applicants hereby submit the Statement concurrently filed.

## REMARKS

The Statement under 42 USC §2182 executed by all the inventors along with the following remarks, are being submitted as a full and complete response to the Notice dated May 11, 2004. The Examiner is respectfully requested to review the Statement, to proceed with examination of the application on the merits, and to indicate the allowability of the claims.

Substantive consideration of the claims is respectfully solicited. Should there be any outstanding issues requiring discussion that would further the prosecution and allowance of the above-captioned application, the Examiner is invited to contact the Applicants' undersigned representative at the address and phone number indicated below.

Respectfully submitted,

Stanley P. Fisher

SPF/JCM/JT

I (We) (1) Jun Shimojo and (2) Hiroaki Taniuchi  
citizens of Japan

residing at c/o Takasago Works, 3-1, Shinhamma 2-chome, Araicho, Takasago-shi,  
declare: Japan

That I (we) made and conceived the invention described and claimed in patent application:

Serial Number 10/767,349 filed in the United States of America on Jan. 30, 2004  
titled Concrete Cask and Method for Manufacturing Thereof

(Check and complete either I or II below)

(Check III and/or IV below as appropriate)

☒ I. (For Inventors Employed by an Organization) That I (we) made and conceived this invention while employed by Takasago Works. That the invention is related to the work I am (we are) employed to perform and was made within the scope of my (our) employment duties; That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of Takasago Works. Other relevant facts are (name of employer)

That to the best of my (our) knowledge and belief:

☒ III. The invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.

—AND/OR—

☐ IV. The invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

That to the best of my (our) knowledge and belief (and/or) based upon information provided by \_\_\_\_\_ of \_\_\_\_\_

—OR—

☐ II. (For Self-Employed Inventors) That I (we) made and conceived this invention on my (our) own time using only my (our) own facilities, equipment, materials, funds, information and services. Other relevant facts are \_\_\_\_\_

The undersigned inventor(s) declare further that all statements made herein of his or her (their) own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
